

In 2022, The Future is Limitless

You brought the world back from the brink. Now we can get together, build on our accomplishments and make the impossible possible.

Join us in San Diego for four days for unparalleled global partnering, critical sector insights, and endless networking opportunities.

 **BIO One-on-One Partnering™**
Find your next global partner via BIO's state-of-the-art software that allows business development professionals to search, identify and schedule meetings with potential collaborators and funders.

 **Interactive Education**
Expert-level educational content focused on pressing industry topics including COVID-19, Infectious Diseases, Oncology, Business Development, Financing Trends, Cell and Gene Therapy, Digital Health, and more.

 **Exhibition**
With 50+ country and regional pavilions and over 1,800 exhibitors, the BIO Exhibition provides the most visible way to display a country's progress and strength of its industry.

 **Connect With Your Peers**
Receptions large and small give you the chance to grow your network.

Applications Open for Company Presentations

Pitch your company's story to a global audience of business development executives, investors, research analysts, policy makers, and more. Company presenters historically receive **double the number of meetings** than non-presenters.

Applications are open until early June or until all presentation slots sell out.

Apply Now!

Start Planning Now!

Registration opens January 11, 2022.
