We are...

INDUNIV

INDUSTRY UNIVERSITY RESEARCH CENTER, INC.

Our Vision

Enhance Puerto Rico's status as the preferred location for new business opportunities through knowledge creation in the life sciences. Including pharmaceutical, biotechnology, medical devices, electronic health care and allied industries.

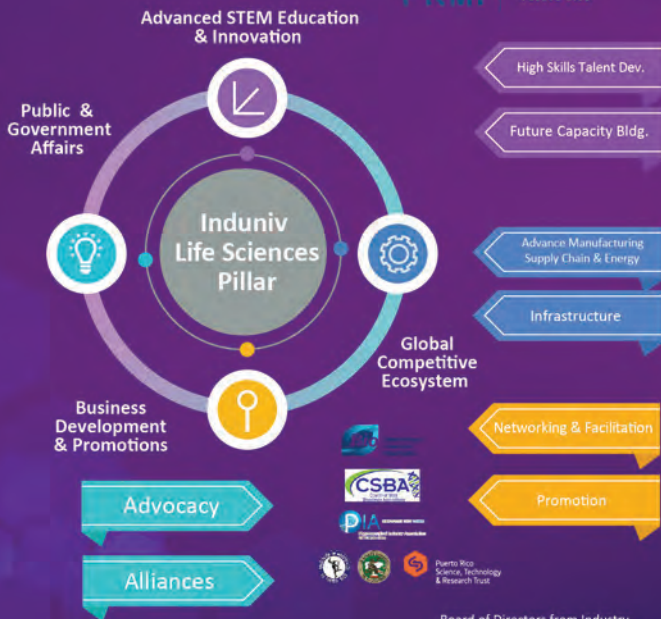

Our Mission

To develop the necessary strategies and action plans that promote the development of the knowledge economy through innovation. To solve technical and scientific problems with potential commercialization. Position PR as a global best practice location of choice for the life sciences enterprises through the industry, university, and government.
