

# Annual Celebration of the Biosciences 2025

## Summary of Main Activities Held and Reported in 2025

**Annual Bioscience Celebration** – Its aim is at creating awareness of the value and overall contributions and particular to the socioeconomic posture of PR while incentivizing – promoting STEM careers among students from HS and College

1. Organizing Committee formed by 30 representatives from Industry, Academia and partner Organizations
2. Sponsorships received from the Abbvie, DECA, JnJ, Lilly, Amgen and Trust
3. The collaborators (14) consisted of: 3 companies (+2 service providers), 8 universities, 3 organizations
4. Six regions were represented this year: Central - East - North – Metropolitan – North West & West
5. The 2025 digital calendar issued with 54 events through September - October – December being BD Biosciences and the ACS which had activities scheduled in November. It was published and updated several times as activities were reported by the regions, by the industry and partner’s organizations. The final version was provided also under another QR code for ease in connection of the up to date events.

The main event for the official Governor’s Proclamation and Commemorative Program were held October 15<sup>th</sup> at the PRSTR Trust together with the 40<sup>th</sup> Anniversary Celebration. Several of the founders were present and offered their thoughts about the basis for creating INDUNIV with the solid foundations to continue in existence for 40 years.

# BioScience Hub

## 2<sup>nd</sup> Bioscience Hub: Career Insights & Networking with Industry and Scientific Professionals

Explore current trends in biosciences, connect with industry leaders, and discover exciting career opportunities.

- **Panel Discussion (10:30 AM - 12:00 PM):** Learn strategies to reach your career goals from industry professionals.
- **Networking Session (10:00 AM-2:00 PM):** Meet industry representatives and expand your connections.

Don't miss this chance to boost your network and gain valuable insights into the biosciences field!
